

BMPI Reporting Package

The fast track to professional reporting

Advanced and Easy

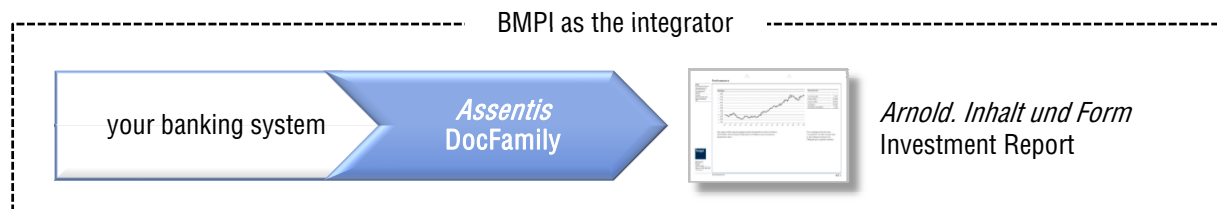

You want to offer your clients a state-of-the-art reporting. You look for modern content in professional design. You prefer off-the-shelf applications.

Then, the BMPI Reporting Package is just the solution for you.

The Package

It comprises the Output Management System by *Assentis* and the Report Design by *Arnold. Inhalt und Form*.

Our engineers integrate this package into your system environment and are responsible for the implementation project.

Our reporting specialists integrate the BMPI Reporting Package into your system environment.

Your Benefits

- Quick implementation
- Cost-effective thanks to standardised products
- Performant and customised
- Professional design

Why choose BMPI?

- Over 10 years of experience in client reporting, meeting even the highest demands (private and institutional clients)
- Prime clients (Credit Suisse, ZKB, State Street, Julius Bär, Bank Sarasin, Wegelin & Co., etc.)
- Profound knowledge of finance and IT

Interfaces

DocFamily by *Assentis* already has interfaces to various banking systems.

Further interfaces (e.g. XML, databases) are easy to integrate.

Technologies

The solution is based on state-of-the-art technologies and open standards like XML, XSLT, XSL-FO and Java EE.
